At Uniting we understand that families need extra support during the school year – and that's why we provide flexible, affordable childcare.

Our After School Care program offers supervised indoor and outdoor care with a mix of leisure and educational activities for primary school-aged children during school terms.

The team at Portland North Uniting Outside School Hours Care is excited to be offering a great range of fun, creative activities. From science experiments to cooking experiences, we've tailored a program that's sure to meet the individual interests of each child. Uniting's Outside School Hours Care program will give you peace of mind throughout the school year, knowing that your child is cared for in a safe, stimulating environment.

Our service is approved for Childcare Subsidy (CCS). The CCS is financial assistance provided by the federal government to help cover the cost of childcare. CCS is paid directly to Uniting via our management system, Xap. How much you receive depends on a number of factors. You can find out more information here: <https://www.servicesaustralia.gov.au/child-care-subsidy>
